Using the book of Philippians, perform the following tasks:

- 1. Read Philippians 1:1-8 in more than one version of the Bible if at all possible. Read it seven times.**
- 2. Now, in your own words, write this same passage (Philippians 1:1-8). Read from the beginning of the sentence to a period. Get the subject in your mind. Then, write that same message with your words.**
- 3. Read Philippians 1:9-10 in more than one version. Read it seven times.**
- 4. Now, write down the meaning (interpretation) of these two verses as you understand them as they fit into the meaning of the passage. Then, write down how these two verses apply to your personal life. Are these verses true of your life, or do you need some improvement in your spiritual walk? Be honest!**
