

# Southwest College of Biblical Studies

## **PRAYER ALERT**

**June 1999**

### ***THANKS***

The postal service has approved our application for a bulk mailing permit. That will allow the college to mail at a cheaper rate. It also allows us to send a bulk mailing from our field office in Pine Valley, California.

The current course, Bible Study Methods in Philipians, is almost completed. The men have demonstrated their ability to dig the truths from this book. Thank you, Lord, for allowing us to equip these men to study Your Word in depth so that they can teach it to others.

A special thanks to God for the individual who has agreed to donate a low-volume copier for our use in the field office.

Thank the Lord for the family who donated a 1985 Toyota Cressida Station Wagon for the use of the ministry and the Leary family.

Some textbooks were donated to the college by a book store in Pasadena.

### ***PRAY***

The next two courses, Philipians (repeated by popular demand) and 1 Timothy will begin in June 1999.

Pray that we will raise the funds to purchase a reconditioned copying machine that can handle 4000 copies per month & be equipped with a feeder. It will assist greatly in the preparation of course syllabi and class materials.

We need an individual to coordinate the mailing of our newsletter and prayer alert. Teaching and preparing course materials is very time consuming. Help is desperately needed in this area.

The college needs a class set (25 copies) of the textbook, Basic Theology by Charles Ryrie. CBD sells them for \$20.95 each.

Personal support for the Leary family needs to increase by \$600 per month. College operating funds needs to increase by \$400 per month.
