## Inmates

1. There are 25 men at Donovan Correctional Facility in San Diego taking a workshop called "Moral Purity". Pray they will all finish the two workbooks and not give up because their issues become too difficult to face.
2. Pray for a certain nameless inmate who is trying to turn away from the "skin-head" white supremacy gang, and follow the Lord. He needs courage & protection.
3. We have 51 new inmates currently taking our "Preview Bible Study" series. This qualifies them to enroll in our college. Pray they will follow through & complete the course work.

## Ministers

1. Liz and I are asking the Lord to bring in financial support adequate enough to operate this college ministry.
2. Pray for Liz as she pursues some job leads in her field of social work. She wants something that uses her talents but which does not prevent her from ministering in the prisons here in California.
3. Pray that Bruce will begin his seminary course "Ministering to Muslims" & complete it before Christmas.

## Inmates

1. Pray for inmate Donald as he makes decisions to take more coursework, and for his desire to start teaching other inmates Bible study methods.
2. A certain inmate is on parole & is having a difficult time with his counseling requirements, his job schedule, and his family. He needs wisdom, major strength & deliverance from depression.
3. Continue to uphold in prayer the men currently taking college courses or workshops on moral purity. They need to finish what they start, and they need to honestly apply the truths to their personal life experience.

## Ministers

1. Pray for health & recovery for Bruce & Liz from head colds and stomach illnesses as they prepare for an 31<sup>st</sup> anniversary trip beginning December 11.
2. We desperately need additional financial donors to join our team. Pray for believers to be moved to give, and help us to find some employment to subsidize our income if necessary. We need some affordable health insurance too.
3. Pray Bruce will finish the seminary course; he is half-way through it & must be finished by December 10, 2003.
